SUMMARY

Aspiring game designer pursuing advanced study in Interactive Media and Game Development. Experienced in Unreal Engine, level design, prototyping, playtesting, and cinematic workflows, with a strong foundation in both creative and technical pipelines. Skilled in interactive storytelling, virtual production, and collaborative design, with proven leadership and communication abilities.

EDUCATION

MFA in Interactive Media and Game Development | *Savannah College of Arts and Design, Savannah, GA*
Expected Jun 2027

- SCAD Honors Award
- Coursework: Interactive and Game Design Research and Practice; Effective Design Communication; Evidence-Based Design; Game Art: Engine Pipeline; Game Tech: Gameplay Scripting; Ludic Methodology; Immersive Level Design; 3D Modeling and Character Creation; Professional Production Pipeline

BS in Computer Science, Mathematics and Electronics | *Christ University, Bangalore, India* Jun 2020

- Coursework: Programming, Data Structures, OOP, Databases, OS, Software Engineering, Computer Networks, AI, Calculus, Linear Algebra, Statistics, Electronics, Signals and Systems, Microprocessors, Embedded Systems, Analog and Digital Communication, VLSI Design

SKILLS

Software: Adobe Creative Suite, Maya, Unreal Engine, Blender, ZBrush, Google Workspace, Perforce

Technical: Level design, Game mechanics, Prototyping, Playtesting, UI layout, Wireframing, Cinematic setup in Unreal Engine, Vehicle rigging and animation, Virtual production workflow, Lighting, Lookdev

Professional: Communication, Leadership, Team collaboration, Project management, Public speaking, Documentation and tutorial creation

AWARDS & ACCOMPLISHMENTS

- SCAD Honors Award — Oct 2024
- Indian Streaming Telly Award — Best VFX (Shoorveer) — Jul 2023

WORK EXPERIENCE

Technical Artist | *RayTrace Studio — Digital Cinematography & 3D Generalist* 2023–24

- Rigged and edited 3D models in Blender, integrating them into Unreal Engine pipelines
- Developed blueprints, animations, and in-engine camera work to deliver photorealistic advertisement shots
- Collaborated across departments to streamline 3D production workflows

Unreal Engine Generalist | *Viga Entertainment — Digital Cinematography* 2021–22

- Contributed to Hotstar Special Shoorveer, the first Indian show to utilize Unreal Engine and virtual production
- Managed lighting, camera movement, and cinematic elements within Unreal Engine to enhance visual quality
- Integrated Maya animations into Unreal, ensuring seamless rendering and delivery

LEADERSHIP, VOLUNTEERING & DESIGN EXPERIENCE

Project Lead | *RayTrace Studio — Baby Driver Car Animation* 2023

- Rigged and animated a drivable car sequence to match a given cinematic reference
- Oversaw complete lighting setup, ensuring photorealism and cinematic quality
- Delivered a polished final scene meeting both creative direction and client expectations

Perforce Setup & Training | *Pearl Academy — Game Development Department* 2023

- Implemented and configured Perforce servers for collaborative student projects
- Created tutorials and documentation to train future students, improving version control workflows

Design Lead | *Christ University — Digital Cinematography*

Jun 2019 – May 2020

- Led the development of a photorealistic environment design for a final-year project exhibition
- Directed a small team, ensuring project delivery aligned with departmental standards and deadlines

Social Media Group Leader | *National Science Fest — Media and Communications*

2019

- Managed event social media presence and coordinated online interactions
- Coordinated surveys and feedback collection across departments, improving event visibility
